I found this guy clinging to the handlebars of my bicycle at the beginning of last December, and took some photos.
He' s a tenacious little survivor, this one.

Chiroe Yachimata

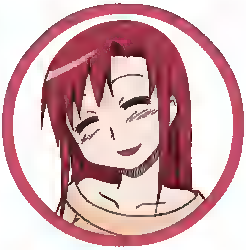
Chiro-chan. Really hates bugs and slugs. President of the Softer To React Club and also its resident straight man. Her chest still hasn't developed, but there seem to be signs that change is in store for her. The main character of this series.

Matoko Takahara

Mato-chan. Loves bugs, but doesn't *love* them. A mass of forehead and glasses that still continues to grow in every direction. The ever-changing main character of the previous series, "Mato-chan."

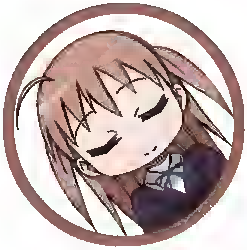
Hisa Mitsuki

Hisa-chan. Hates bugs. Aware that she has a weak presence, she seems to be taking steps in this volume to change her situation. A pointless endeavor.



Yachiho Nara

Miss Yachiho. Formerly known as Mega Balls Nara. Chiro and the others' busty homeroom teacher who really hates bugs. She's screwed if there aren't some serious changes in store for her.



Kushina Himeda

Kushi-chan. Loves the "Deep Ones." A grade school student whose environment is also in a state of change. Best friends with "The Person in Her Head."

Riki Iwato

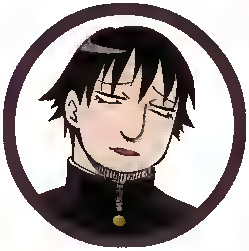
Riki-chan. Doesn't mind bugs. Is a TreAct Club member like Chiro (in charge of collections). There seem to be some changes in store for him in this volume as well.

Uzume Konowata

Uzu-chan. Loves pudding and Grampa. I wonder if there will be any changes in store for her. Doing things at her own speed is important.

Ameno Kumomura

Murano. Loves Chiro. An underclassman character who continues to annoy the heck out of everyone. I hope she can keep up with all the changes.



Futoto

Futoto-kun. Fine with bugs. A TreAct Club member who seems to be more than just good friends with Riki. I wonder if he'll change too.

Yaeko Toshiro

Miss Yae-Eee. A Chicken. Still shows up from time to time, even though she's graduated. Occasionally changes into the Chicken Broiler Daimon Ranger.

Palette Nano Corner

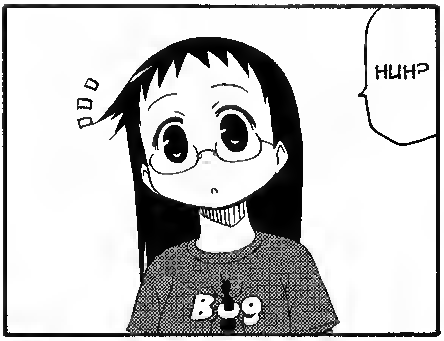
These are the previously uncompiled 4 panel comics published in volumes 1, 3, 5, and 8 of the booklet "Palette Nano," which were sold at Comic Market. Since this is the final volume, I've decided to collect them here. Because of the distribution of this volume's pages, volume one appeared part way through. Each issue of Nano has a theme. Volumes 1 and 3 were "Summer," volume 5 was "Popping Out," and volume 8 was "Yuri." The comic below was the back cover for volume 1.

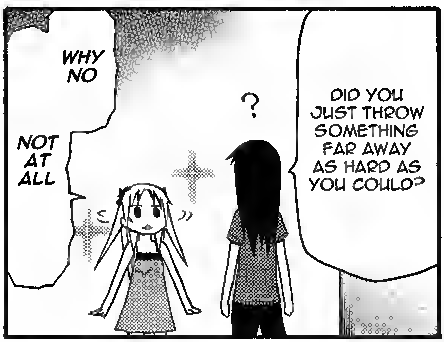
No One Could Possibly Hear Her Though

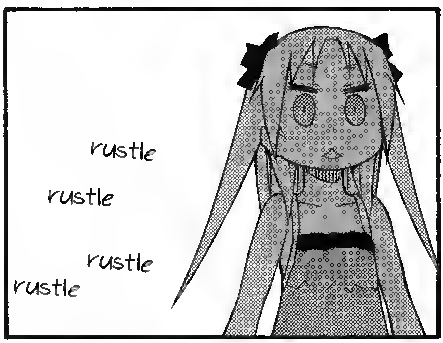
Summer
Under a Bridge
Lying Tattered and
Abandoned

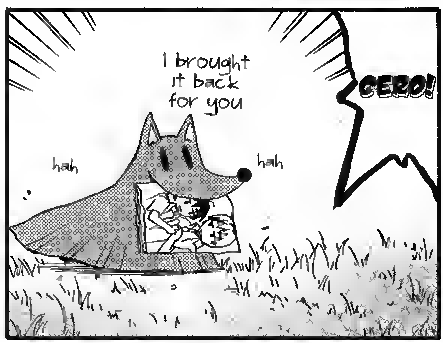
A **** **** Magazine

Fetch

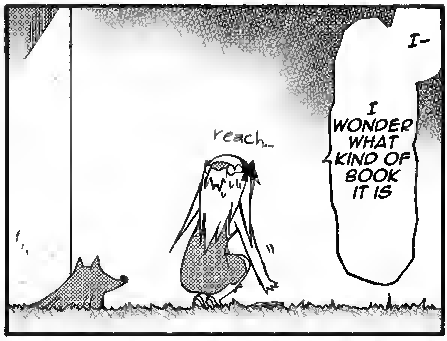


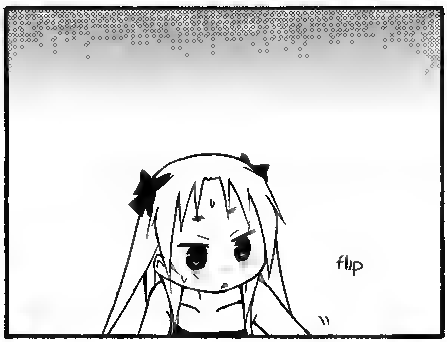


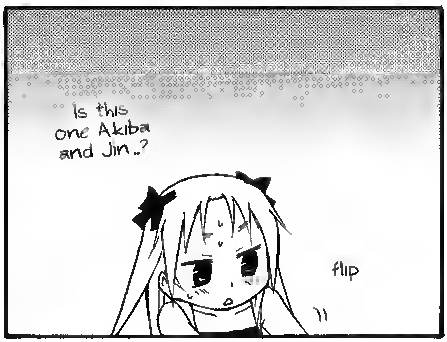


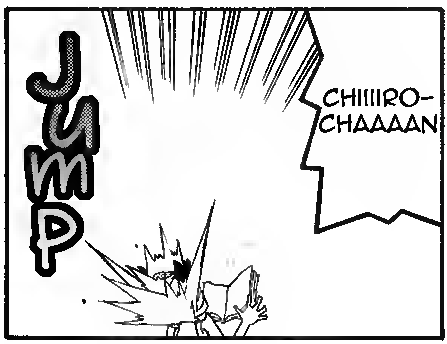


Checking Out its Contents

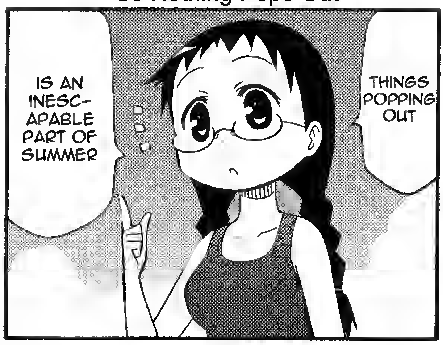


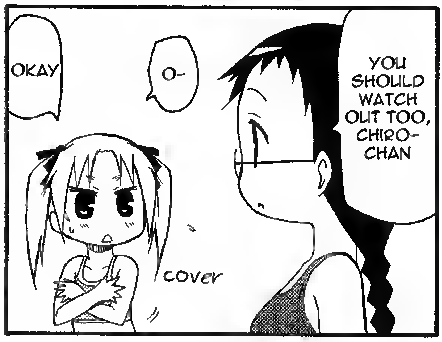


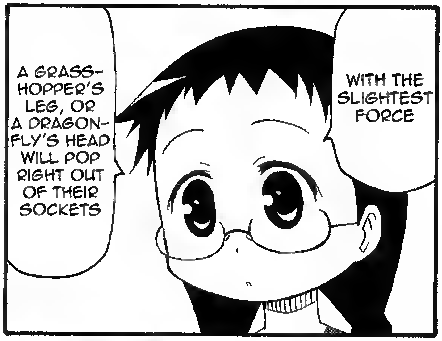


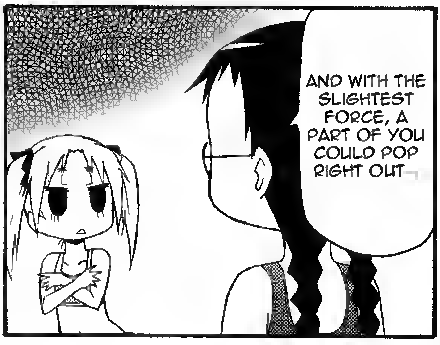


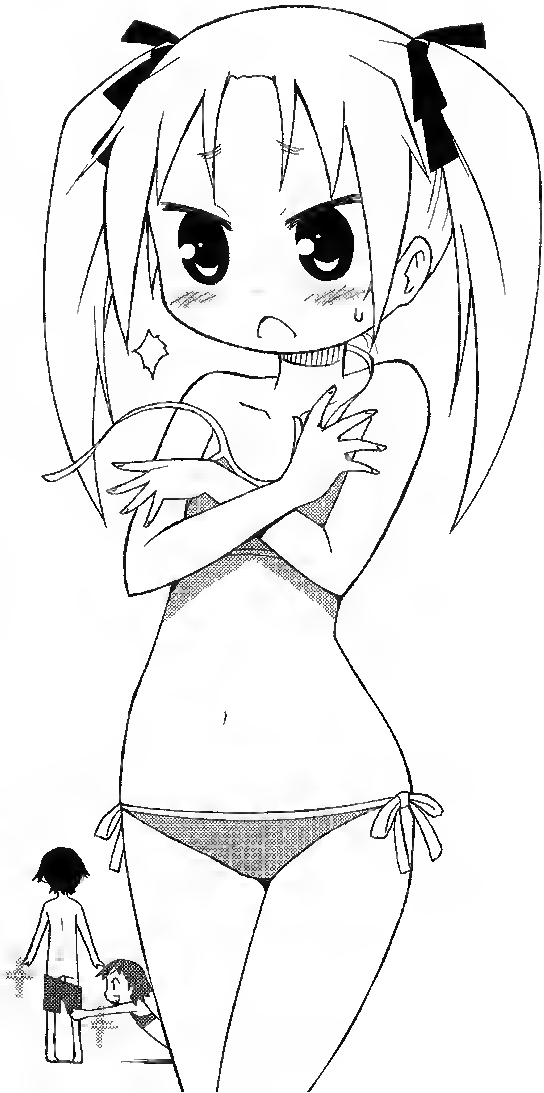
So Nothing Pops Out



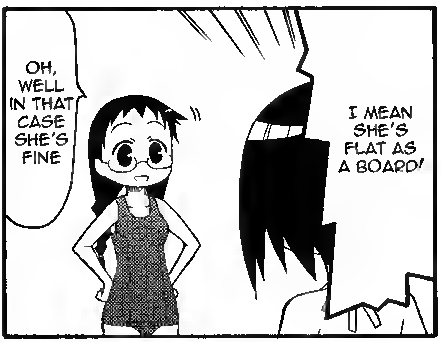


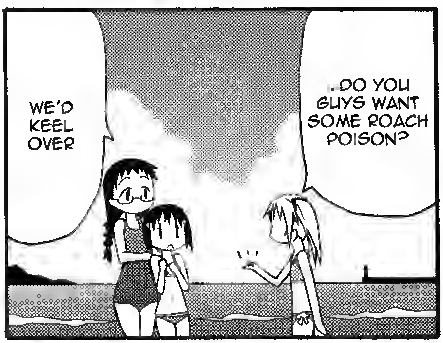




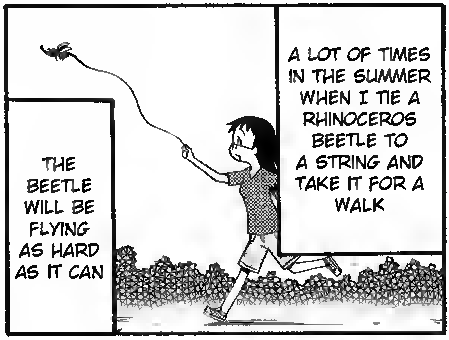


Nothing Will Pop Out

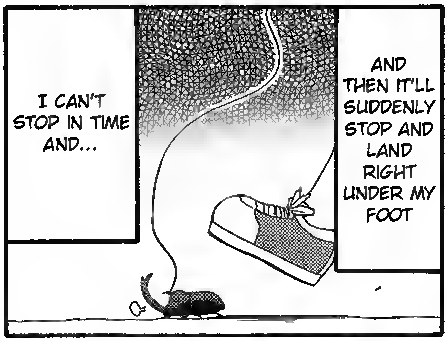


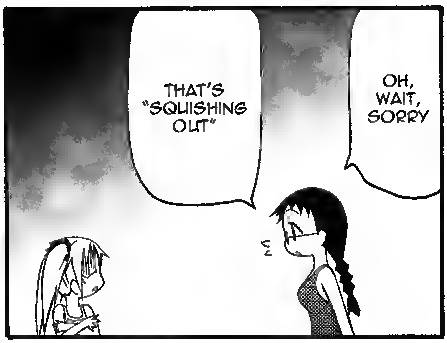


Not the Same Thing



A LOT OF TIMES IN THE SUMMER WHEN I TIE A RHINOCEROS BEETLE TO A STRING AND TAKE IT FOR A WALK
THE BEETLE WILL BE FLYING AS HARD AS IT CAN

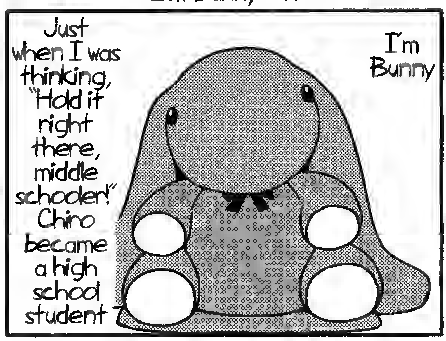




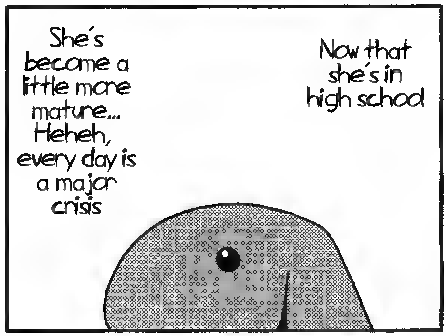
Yuri

IF I WAS YURI
CHIRO-CHAN WOULD BE KEI
?
RU-RU-RU-RUSSIAN!!
WHAT? WHAT'S GOING ON?
THE CHANCE THAT THIS MIGHT USE THE SAME JOKE AS ANOTHER MANGA ARTIST IS A DANGEROUS GAME OF RUSSIAN ROULETTE!!
FWOOSH
IS THAT REALLY LIKELY?

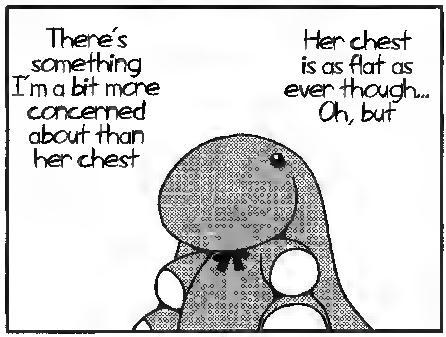
Yuri or Not?
Not Yuri
PUT THIS LITTLE GUY ON YOU
IF YOU'RE GOING TO CLAIM NOT TO BE YURI, YOU'RE GOING TO HAVE TO SHOW ME SOME PROOF
HUH?
WHEN I THINK OF YURI, I THINK OF MURANO-CHAN
Long-necked Lily Leaf Beetle (larva)
Feeds on lily leaves and carries its own excrement on its back
IF HE DOESN'T UNDERGO METAMOR-PHOSIS, THEN YOU'RE NOT YURI
I'M DRAWN PURELY TO MISS YACHIMATA
YOU'RE MISTAKEN, I'M NOT A YURI CHARACTER
Don't be silly of course, nothing's going to happen
I'M SORRY
PLEASE DON'T MISUNDER-STAND
Huh? something black's starting to come out, and it's putting it on its back— I guess that means it is feeding on me...
I'M SORRY
ALSO, I THINK IT WAS A CRIMINAL FAILURE TO CAPITALIZE ON MISS YACHIMATA'S SEXINESS BY NOT HAVING HER WEAR A SHORT, SLEEVLESS JACKET AND HOT PANTS WHEN YOU DID THAT JOKE JUST A MINUTE AGO



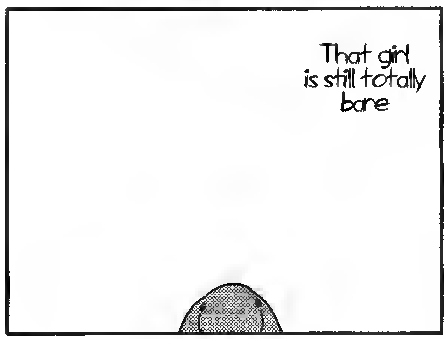
Just when I was thinking, "Hold it right there, middle schooler!" Chiro became a high school student
I'm Bunny



She's become a little more mature... Heheh, every day is a major crisis
Now that she's in high school



There's something I'm a bit more concerned about than her chest
Her chest is as flat as ever though... Oh, but



That girl is still totally bare

Afterword

We've finally reached volume 5! This many for one series is a record for me. And so, this is the final volume. I can't believe I've been drawing this for almost 6 years... No wonder Chiro went from being in 4th grade to being in high school. And no wonder I'm now a man of nearly 40. Time sure does fly.

By the way, the decrease in the angle of the two long tails of hair on either side of Chiro's head indicates a decrease in her degree of abrasiveness. Just compare to volume 1. I just totally retconned that off the top of my head just now.

And so, to all the faithful readers out there, and to everyone involved, I offer you my heartfelt gratitude!

I'm looking forward to the day when we can meet again.
